{THE POWER OF DATTA STAVAM- A POWERFUL STOTRA}

on: August 10, 2008, 11:43:05 PM

Dear Members of the group!

Pranams!

I want to explain the power of Datta stotra which is termed as "DATTA STAVA". The stotra contains only 9 slokas and one has to chant 9times everyday without fail. Whoever chant 9 times everyday for 40days, their desires will be definitely fulfilled with the blessings of Lord Dattatreya. It is 100% true and seen in many more families. Even today the devotees who are residing in foreign countries are also continuously doing this stotra and getting boons from Dattaguru. Even Shri Ganapathi Sachidananda Swamiji of Mysore spread this stotra world wide and giving instructions to their disciples to read this stotra without fail. Actually, the stotra was written by Shri Vasudevanand Saraswathy swamy Maharaj (Tembe swamy- apara Dattatreya). This stotra is also having another name as "Jaya Laabhaadhikara Shree Dattastavam". It gives full wealth, health and peace of mind whoever chant this stotra. In the year of 1985-1986 a Telugu film "Shree Datta Darshanamu" was released in Andhrapradesh of India. The film was shooted with the directions of Mysore Sachidananda swamiji. At that they have given full coverage in all newspapers about this stotra. So, most of the families of Datta sampradaya are now doing this stotra parayana.

Now, I am giving a great experience which was astonished me in the very recent days. What a power of this mantra? U know sir! it converted one NAASTHIKA person ( a person who is not having faith on God) in to AASTHIKA person (a person who is having faith on God) and Dattaguru gave several boons to that person by changing the life of that devotee. Pls read the following true story.....

I have completed my HSC (Intermediate or 10+2) in the year of 1986 and joined in AP Residential Degree College, Nagarjunasagar to study my B.Sc., (Graduation). During the course of Graduation, myself was maintained friendship with one NAASTHIKA namely Mr. Sriharirao Chetlapalli. He was not having any faith on God and sometimes he hates the persons (including myself) who are praying the God. In those days, I have suggested one stotra namely "DATTASTAVA" to him

and requested him to change his opinion and chant that stotra everyday for his better life. Actually, their forefathers are very sampradayak Brahmins and following traditions etc regularly. But this person is totally against to their parents. They are native of Tenali of Andhrapradesh. At the end of the course of Graduation, we have completed the course with distinction and this person (Srihari) failed in the final year exam. Afterwards, he returned to his place Tenali for the preparation of supplementary exams and we joined in Andhra university, Visakhapatnam for M.Sc., course. So, there was no news about him and there was a gap in our friendship. So, as the time passes, I joined as a clerk in LIC and no information was there about this friend. Recently I went to Tenali to see my sister and heard a wonderful and astonished news that, the said Srihari is staying at Bangalore and he is having one own software company at Hyderabad, he earned a lot in his life, he arranged successful alliances to his sisters, shown jobs to his brothers, visited most of the countries in the World, worked in many software companies like Wipro etc., by completing his MCA course at University of Hyderabad. At the next moment, I enquired about his relatives in Tenali and collected his mobile number, dialed the number immediately. For few minutes, he recollected his memory and identified me over phone. He told at that moment that "how can I forget u Subrahmanyam? You are the person for my current position". Then I was in dilemma, what he is telling... any mistake in dialing the number or so? and I asked the same again and again. Then he told again with full confidence that "this is the result of your suggestion only. Now I am a devotee of Lord Dattatreya. The mantra which I recited everyday is "datta stava" which is very powerful and suggested by you in the year of 1986 and even now also I am doing. All the problems of my family were cleared. My brother got a job in a software company. My sister's marriages were over. I have settled in my life in a good position. Visited most of the countries in the World with the cost of software companies only. Married a good and educated, cultured family lady and blessed with children. Now, I am having own software company at Hyderabad and feeding nearly 30 employees by giving jobs to the unemployed, educated youth. Now, I am working in a company at Bangalore and drawing more than Rs.50000/- salary per month".

This is the real story which he told over phone and it is true sir. Then there are no words from my mouth except water drops on my cheeks and in eyes. What a power of this mantra? What a power of Lord Dattatreya. We can really see, how Dattaguru converted a real Naasthika into Aasthika tatva. How Dattamaharaj provided and kept his devotee at the top position. It is the special character of this deity i.e., Dattatreya is, he will give improvement in both spiritual and Materialistic lives. It is already there in Shastra and now we are seeing with our own eyes.

So, I request all the members of this group to chant this stotra at least 9 times per day continuously in their life and spread this mantra to your known people/relatives. Dattaguru blessings are there on his devotees. He is smarthrugaami. He will satisfy with his namasmarana. Recite the stotra and have the blessings of Lord Dattatreya.
